MAYOR'S ADDRESS,
AND
ANNUAL REPORTS
OF THE
CHIEF ENGINEER OF THE FIRE DEPARTMENT,
CITY MARSHAL,
AND
SUPERINTENDENT OF THE ALMSHOUSE,
OF THE
CITY OF PORTSMOUTH,
For the Year ending December 31, 1863.

ADDRESS
OF
HON. JONATHAN DEARBORN, MAYOR,
AFTER THE
ORGANIZATION OF THE CITY COUNCIL,
Portsmouth, N. H., January, 1864.

Gentlemen of the City Council:—

I embrace the earliest opportunity that circumstances would permit, to communicate to you a few facts relative to our municipal affairs.

The City debt, as appears by accounts made up to Dec. 31, 1862, was		\$115,530 06
On Dec. 31, 1863, was		163,869 56
The funded debt at this date, is	156,200 00	
Due on temporary loans,	59,543 56	
	<hr/>	215,743 56
Amount of interest due on city debt (partly accum- ulated) with sundry unpaid bills, is		4,950 00
Funded notes, upon which interest is to be paid, being funds held by the city in perpetual trust, the principal of which is not payable,		2,075 15
		<hr/>
		\$222,768 71
From this amount of indebtedness should be de- ducted the balance of uncollected taxes,	6,236 71	
Due from U. S., rent of Jefferson Hall,	250 00	
Amount of U. S. bounty assigned by our quota of volunteers,	38,146 00	
Claims against the State for aid to families of vol- unteers,	14,000 00	
Real estate bid off in behalf of the city, for unpaid taxes,	266 44	
	<hr/>	58,890 15
Balance of indebtedness,		\$163,869 56

Many causes have combined to increase the expenditures of the city during the past year, most of which must be apparent to every citizen, while the raising of volunteers and the various expenses connected therewith, show our extraordinary expenditures to have been such as could not have been avoided.

The unfortunate public disturbance during the draft was not without its costs to the city, in our increased force needed to preserve order. And in this connection I cannot omit to return, officially, my thanks in behalf of the city, to Col. Ward Marston, of the U. S. Marine Corps, at the Navy Yard, and Lt. G. W. Wainwright of the Heavy Artillery, at Fort Constitution, and their respective commands, for their prompt and signal aid on the occasion, and to those citizens, lovers of law and good order, who by their personal presence, so gallantly and patriotically sustained the officers of the city in their endeavors to maintain good order.

During the last year the Old South Church was purchased, and as a matter of safety was taken down. The site is one upon which a new building should be erected, in which can be combined a school-house, ward room and bell tower.

There has been erected east of the Court House, a new building for the use of the Hook and Ladder carriage, Engine, &c. In the construction of this building we save to the city the cost of the rental of several buildings formerly hired for the storage of the property, now kept in the new building. At the request of many citizens, every endeavor was made to procure a different site for the building, but as none that were regarded as suitable locations, could be had, except at an exorbitant price, we were compelled to adopt the one selected.

The school house on Hanover street, formerly the Chapel, was purchased during the year at a cost of \$5000. The building was much needed for the purpose of schools, and was in good order; and when it is considered that this was the only building or lot of the kind that could be had in the district, suitable for the purpose, it will be admitted that the expenditure was a judicious one.

Our increasing population is making daily demands upon us for more extended school facilities, and you will doubtless see the necessity of a liberal appropriation for these objects.

The streets are in good condition. The increased price of labor will suggest to you the necessity of an enlarged appropriation for street purposes, to keep our thoroughfares in the usual state of repair.

The Sagamore bridge needs to be replanked the coming season, and other essential repairs will be needed there, at a cost at least of \$1500.

It is our good fortune that the great demand for labor has in some degree tended to prevent an increase of expenditures on account of the poor; and with the good husbandry and efficient management that prevails at the city farm, we are enabled to protect the unfortunate poor without such a proportionate increase of cost as the advanced price of commodities might lead us to expect.

I am not aware of any extraordinary expenditures that are required to be made other than those referred to.

ANNUAL REPORT
OF THE
CHIEF ENGINEER OF THE FIRE DEPARTMENT.

To the Hon. Board of Mayor and Aldermen:

GENTLEMEN:—The Fire Department continues to maintain the high reputation that it has so long held, and that it so justly deserves. Our city has been exempt from any serious fire since the commencement of the year. The Department has been called out but four times during the year,—three fires in the city and one false alarm.

The Engine houses and the Hook and Ladder house are all in good condition, convenient and comfortable.

The Engines are all in good working order. The Hook and Ladder apparatus is in complete condition, much more convenient for use than the old dilapidated affair that we have been using the past few years. All the hose and other articles belonging to the Fire Department are in good condition; there have been two shot of suction hose recovered this year, and made as good as new.

The several Fire Companies are all full, of smart, active and reliable members, and whenever their services are required, are prompt to duty; and without fear of either Fire or Water, have at all times proved themselves worthy of the name of "Firemen."

In closing, I take this opportunity in behalf of the members of the Fire Department, to tender their thanks to the city government for what they have done the past year for the comfort and convenience of the Department.

All of which is respectfully submitted.

JOHN H. MORAN, CHIEF ENGINEER.

Portsmouth, December 31st, 1863.

FIRES and ALARMS from January 1, to December 31, 1863.

February 21. Fire at Cotton's stable, Fleet street. Loss \$500. No insurance.

May 3. Fire at Ira Haselton's house in Marlboro' street. Loss \$300. Insurance \$300.

November 2. False alarm.

November 18. Fire—a pile of old sleepers near Concord railroad engine house.

ANNUAL REPORT
OF THE
CITY MARSHAL.

CITY MARSHAL'S OFFICE, Portsmouth, Dec. 31, 1863.

To His Honor the Mayor and the City Council :

GENTLEMEN,—In compliance with the city ordinance, I beg leave to make a report of the number of arrests made by the Police Department during the year.

The whole number of arrests from January 1, 1862, to date, is eight hundred and forty-five (845), for the following causes:—

Drunkenness, 400 ; vagrancy, 15 ; larceny, 21 ; assaults, 68 ; deserters from House of Reformation, 3 ; deserters from Navy, 34 ; common drunkards, 12 ; deserters from Army, 33 ; disorderly persons, 18 ; brawl and tumult, 18 ; keeping houses of ill-fame, 5 ; deserters from House Correction, 17 ; insane persons, 4 ; breaking and entering, 1 ; keeping disorderly house, 4 ; keeping disorderly shop, 1 ; deserting parents, 2 ; night walking, 7 ; fast riding in streets, 1 ; bastardy, 4 ; peddling without a license, 1 ; truancy, 2 ; selling intoxicating liquors to paupers, 2 ; rape, 8 ; suspicious persons, 11 ; rescued from drowning, 2 ; violations liquor law, 2 ; resisting officer, 1 ; passing counterfeit money, 2 ; fraud, 1 ; disobedience to parents, 2 ; rescuing prisoners, 2 ; inciting riots, 3 ; lodgings, 133 ; fornication, 1 ; adultery, 2 ; obtaining goods under false pretences, 1.

Respectfully submitted,

OREN BRAGDON, CITY MARSHAL.

ANNUAL REPORT
OF THE
SUPERINTENDENT OF THE CITY FARM.

To the Hon. Mayor and the Board of Overseers:—

GENTLEMEN,—I would respectfully report that the number of admissions to the House this year, including those present at the commencement of the year, was 259.

Number of deaths during the year, 9.

Number of insane, 12.

Present number of insane, 12.

Number of idiots, 7.

Average number of inmates during the year, 93.

Present number of inmates, 90.

Of whom 5 are over 80, 12 between 70 and 80, 14 between 60 and 70, 15 between 50 and 60, 12 between 40 and 50, 12 between 30 and 40, 4 between 20 and 30, 4 between 10 and 20, and 6 under 10.

Number of persons admitted to House of Correction during the year, 77.

Number of persons visiting the House during the year, 633.

BENJAMIN NORTON, SUPERINTENDENT.

REPORTS
OF THE
SCHOOL COMMITTEES
OF THE
CITY OF PORTSMOUTH,
For the Year ending March 1, 1864.

REPORT
OF THE
HIGH SCHOOL COMMITTEE.

To the Hon. Mayor and Aldermen of Portsmouth:

The High School Committee respectfully submit the following report for the year now closing:

The young ladies were, just at the close of the past academic year, called to lament the death of their beloved and respected teacher, Phinehas Nichols, Esq. Under his instruction, this school has risen from a rank little, if any, superior to that of a grammar school, to the important position of a classical academy, with a regular four years' course of study, and many of the features of a normal school.

Mr. Nichols' loss was severely felt by our community in general; and, in particular, by his pupils and those committeemen who have been connected with him in educational affairs.

We deemed ourselves fortunate in having at hand Mr. Aurin M. Payson, to whose ripe scholarship we confidently entrust the future of this institution—supported by the able assistant, Miss A. Morgan, who has, happily, taught with Mr. Nichols so long that the peculiarities of his method are familiar to her.

The probability of the district schools being, in future, instructed, as far as female teachers are concerned, by graduates from our High School, attaches a peculiar interest to its success, and renders the committee doubly anx-

ious as to the branches of study introduced, and the methods pursued.

The Boys' Department being, in consequence of the above mentioned contingency, deprived of the services of Mr. Payson, we appointed the assistant, Mr. Lewis E. Smith, well and favorably known to our community as a successful teacher, to the situation of Principal, and doubt not, that, under his charge, the school will continue to maintain its high character for discipline and scholarship.

Mr. J. E. Ayres has received the appointment of Assistant.

We regret that though our committee has ever been unanimously of opinion that both sexes should be instructed together, still some slight inconveniences of detail have hitherto prevented their carrying out this change requisite to place our High School on a par with others of its kind. Indeed, were this improvement adopted, we flatter ourselves that few, if any, similar institutions could be found to surpass it.

There are no voluntary branches allowed in either department. A programme of studies and recitations is printed at the end of the school reports.

Graduating class of 1863; four years' course:

Mary E. Myers,	Oren D. Bragdon,
Annie E. Oxford,	Thomas E. Call,
Sarah A. Childs,	William P. Gardner,
Annie M. Bernard,	Andrew J. Hill,
Arabella V. Jackson,	Moses M. Jenkins,
Emma L. Loughton,	John Locke,
Sophronia L. Rogers,	William T. Penhallow,
M. Louise Penhallow,	Earnest H. Rand,
Ellen A. Bragdon,	J. Dwight Rundlett,

Catharine N. Odiorne,
 Ella E. Preston,
 Catharine H. M. Shores,
 Emma G. Vennard,
 Clara E. Kimball.

Casper M. Goodrich,
 Abraham Q. Wendell.

Graduates of the three years' course:

Frederick N. Lambert, Ellis W. Marden.

Haven medals were awarded to the following pupils of the 2d, 3d and 4th classes, viz:

Annie E. Oxford,	Oren D. Bragdon,
Sarah A. Childs,	Andrew J. Hill,
Frances E. Webster,	Willis T. Knowlton,
Emma M. Webster,	Charles A. Hazlett,
Mary J. Roberts,	Edward Ball,
Charlotte F. Wiggin,	Frank P. Newton,
Martha A. Ellison.	Charles A. Moody.

Portsmouth, March 1, 1864.

ROBERT O. TREADWELL,
 HORACE WEBSTER,
 JOHN E. RIDER,

High School Committee.

REPORT
OF THE
SCHOOL COMMITTEE OF DISTRICT NO. 1.

*To the Hon. Board of Mayor and Aldermen
of the City of Portsmouth:—*

The School Committee for District No. 1, in submitting their annual report for the current year, now nearly closed, take the earliest opportunity to acknowledge the promptitude with which the last Board, a majority of whose members are upon your Board, gave their attention to the representations made by the Committee, in their last report, touching the need of a new school building in the District, and to congratulate them, the inhabitants of the district, and the tax payers of the city, upon the successful manner of supplying the need, by the economical purchase of a site and building, not only adapted to the wants of the district, but intrinsically valuable.

The audience room of the Hanover Street Chapel—the building purchased—being supplied with wall blackboards and seventy-two single Boston school desks, has become one of the finest school rooms in the city; while the spacious lot furnishes ample play grounds.

The Committee were obliged to change the location of some schools to adapt them to the size, furniture and circumstances of the rooms thus supplied. The Girls' Grammar School was transferred to the new room, and the Boys' Grammar School, from the Bartlett School House, to the basement room, in the new school building, heretofore occupied by the Girls' Grammar School. This last transfer

was made not without great reluctance upon the part of the Teacher and the Committee. Frequent complaints have come to the Committee from the parents of the pupils of the unsuitableness of the room; and we understand a communication has come to your files on the subject of needed alterations in it. This room has a low ceiling, is entirely without ventilation, its floor is about a foot below the surface of the ground outside, the desks are too much crowded together, by reason of about one third of the room being partitioned off into unserviceable apartments, and there is but one chimney to the building, and that is built on the outside and therefore defective.* All of these defects may be remedied; and, it is believed, without great expense, in this wise:—Raise the wooden structure of the building bodily about three feet, (which will also improve the external appearance of the building,) filling the space with brick; raise the floor to the level of the ground: remove the partitions so as to include the whole space in the room. put a window where the present door way is; remove the structure from the North end; make the entrance at that end, with a suitable clothes room, a wood room and entry, either partioned off from the North end of the room, or added upon the outside, and build a chimney with an accompanying ventilating flue in the South east corner. This, with a re-arrangement of the furniture, would make a good room—such a one as the Boys' Grammar School deserves. Nor would the changes interfere with the upper room further than to make necessary additional steps to the flight of stairs at the entrance and the closing up of the recess at the rear of the room. These repairs could

* "The materials which compose this school are excellent; but our accommodations are wretched. *Do give us better.*" From Report of the Teacher of this school, which has come to hand since writing the above.

be made in the summer vacation without interfering materially with the usual school terms.

These alterations would make this School building stand second only to the High School building, in its adaptation to its purposes, and at a cost which would compare favorably with that of any public building in the city.

The changes already named in the location of the schools in this section of the District involved others; and the Intermediate, taught by Miss Simes, was transferred to the room vacated by the Boys' Grammar, where it is well accommodated.

The room in the Bartlett School House vacated by the Intermediate, being inadequate to accommodate the Primary department, the Committee deemed it advisable to organize a new Primary school in that room, while there were retained in the old Primary school room in High street as many scholars as the capacity of the room would justify. Miss Sarah L. Myers, a graduate of the Girls' High School of this city, and of the Girls' Normal School at Salem, Mass., was appointed a teacher of the new Primary school. The necessity of the arrangement is evidenced by the fact that there are now *eighty-four* scholars in the new Primary and *fifty* in the High street Primary; and this number will be increased with the opening of the next school year.

On the first of May last, Mr. Robert P. Foss, the teacher of the Woodbury school, resigned, and Mr. Edward A. Joy, of this city, was appointed to succeed him.

Otherwise the Teachers remain as at the date of the last report. Mrs. Wingate has also continued to instruct the girls of the Bartlett Intermediate School in sewing, under the employment of the Managers of the Portsmouth Female Asylum. It being represented to the Committee that by our contributing \$25,00 annually towards her compen-

sation, the Managers would be enabled to employ a teacher in a school in the Third district, that sum has been appropriated accordingly.

The schools since the August vacation have been taught as follows;—

1. High Street Primary,	Mrs. Lusena B. Mullin.
2. Bartlett “	Miss Sarah L. Myers.
3. Bartlett Intermediate,	Miss Mary F. Simes.
4. Hanover St. Girls' Grammar,	Miss Caroline A. Mason.
5. “ “ Boys’ “	Mr. Samuel M. DeMeritt.
6. Franklin Primary,	Miss Mary E. Rogers.
7. “ Intermediate,	Miss Annie M. Manson.
8. “ Grammar,	Mr. Charles A. Shannon.
9. Woodbury (not graded),	Mr. Edward A. Joy.

An examination of all the schools was made by the entire Committee during the third week of February, and we are happy to report them, with few exceptions, in excellent condition. We believe we have a corps of faithful teachers; and we congratulate them and the inhabitants of the district, upon their general success and efficiency. Improvements in some particulars of method might be privately suggested to some, but in none deserving mention in this report.

The share of District One, of the money appropriated for Schools, for the current year, is about \$3230. We have been obliged to expend for salaries of teachers, fuel and incidentals about \$3500,—an excess of \$270,—all but \$100 of which will be provided for by a balance on hand at the beginning of the year. There will be no balance to meet deficiencies for the next year; but there will be a small debt to be cancelled, and the salaries of some of our teachers should be advanced. District One ought to have

for the next year not less than \$3800 to support its nine schools, which now report over NINE HUNDRED scholars.

For other statistics the Committee refer to accompanying reports of teachers.

By the resignation of Mr. Albert W. Ham, who was elected a member of the Committee in March 1863 for the term of three years, a vacancy occurs, which should be filled by your Board for the remainder of the term.

Portsmouth, February 25, 1864.

HORACE WEBSTER,
HORTON D. WALKER,
BENJAMIN HODGDON,
JOHN H. BAILEY,
WILLIAM C. HATCH,
TOBIAS H. MILLER,

School Committee of District One.

REPORT
OF THE
SCHOOL COMMITTEE OF DISTRICT NO. 2.

To the Hon. Mayor and Aldermen of Portsmouth:

The School Committee of District No. 2, respectfully submit the following report of the condition of the schools under their direction.

The Boys' and Girls' Grammar School, under the Court House, continues under the care of Mr. Durgin, Principal, and Miss Sarah A. Whitem, Assistant. Miss Salter has been giving instructions, the past year, in Drawing, to this school, and at the spring exhibition the committee were satisfied of the utility of this branch, and propose extending its benefits to our other schools of similar grade.

The Girls' Grammar School is taught by Miss H. L. Hill, in the Academy.

The School at the Plains has been during the entire year under the care of Miss Jones, whose success in teaching the various branches required, as well as in bringing the school into a good state of discipline, has afforded us great satisfaction.

The Cabot Street Intermediate School for boys and girls continues under the care of Mr. A. C. Hoyt. Owing to the crowded state of this room, we appointed Miss M. F. Walker, Assistant.

Miss Willey, appointed two years since to the Intermediate School for girls, in the Academy, continues to give us satisfaction.

The Primary School, in Cabot street, is kept by Miss M. M. Ham, Principal, assisted by Miss Norton. This room is also crowded.

The Primary School in State street, brick school house, is kept by Miss C. A. Walker.

We regret that the terms of the lease of the rooms in the Academy, prevent our making the Grammar and Intermediate Schools taught there accessible to both sexes, as are the other schools in this District. This is a serious evil, and we advise that, in case no other arrangement can be made, other accommodations be provided where these schools may be allowed to develope in the direction of the age.

Our Committee has every reason to be satisfied with the plan of selecting teachers for District Schools from among the graduates of the High School. This course recommended itself to us as the most natural, and experience has justified its adoption.

In most other respects the condition of the schools confided to us is satisfactory, and we trust you will exercise your accustomed liberality in all that tends to their support and prosperity.

Portsmouth, March 1, 1864.
